CIO is presently holding back legislation being reported out. The President gave a report on the situation and how Labor was pushing to make BU accountable and to keep the process out in the open, he also noted due to Rep. Voke's being from Chelsea and having input in the situation, the President was not totally optimistic on the outcome. He noted the MFT has appreciated the support of the Mass. AFL-CIO.

President Osborn reported on being a member of the JFK Memorial Statue Committee and had distributed to the Council Meeting information and brochures on the fundraising drive.

He further commented on attending meetings of the Mass. Water Resources Authority and on the magnitude of pending water problems, prices to increase and that the amounts were in the billions of dollars. He noted he was on the MWRA citizens advisory council that would be making recommendations.

The Pres. reported on meetings with representatives of the Mass. Audubon Society and that that group wants the Mass. AFL-CIO to take a look at some of their legislation. He further noted the Council has added the problems of the environment to our program at the upcoming Democratic State Convention and that times are changing and labor has to get a dialogue going on issues such as pesticides and chemicals, etc.

President Osborn commented on taping a WEEI response to an editorial on the Minimum wage and that after several tries to get labor's response on he was not only successful in having the response aired but having it aired during a good time frame - though the weekend period. President Osborn spoke on the Eastern Airlines Rally held at the East Boston Stadium and that it was a good rally but the attendance could have been better and noted the location did not help the attendance.

At this time President Osborn requested guidance and assistance from the Members of the Executive Council on the possibility of having a Labor Day Parade this year. He noted it would take a massive effort and would need a lot of assistance; he also suggested the possibility of having a labor of love walkathon with walkers, volunteers, pledges, etc. which proceeds would go to sponsor a shelter and noted an activity such as this would benefit the homeless.

President Osborn reported receiving a letter from V.P. Burke requesting unions not to use the Park Plaza and advised after meeting with the Exec. Officers, it was their position, that the Mass. AFL-CIO would notify the affiliates of this request; that there was no official boycott by union label at this time but that there was a lot of sympathy surrounding this issue. He further advised they would leave the decision up to the various local unions. He further noted that the regional CLUW conference had been moved from the Park Plaza to U-Mass. Boston while another union group was inside using the Park Plaza for a meeting - he further suggested it was a Catch 22 situation. He noted he would forward Brother Burke's request to the affiliates and that the affiliates could act on their own as to what action they should take. President Osborn also commented on the efforts of Bob Rodwell, of United Way, in helping the strikers at Eastern and of the possibility of having various can drives.

At this time V.P. Chirillo reported on meetings of the Building Trades Unions with MWRA in trying to get a potential 6 million dollars of union work and noted that about one half of that amount has been agreed too already. He complimented Joseph Nigro, President of the Boston Building Trades for a great job in getting 27 Local Unions to be in agreement and noted that when these construction jobs expand so will the jobs for union workers. He also reported that the So. Shore Building Trades and the Norfolk County Central Labor Council are putting together a plan to place 1,000 people on bridges with signs to show their support for the strikers at Eastern Airlines. He praised Pres. Osborn for doing a good job both with the Question #2 campaign and with assisting the strikers at Eastern Airlines and suggested the National AFL-CIO should look to Pres. Osborn for direction.

Pres. Osborn reported the solidarity in Massachusetts is good and noted that anyone that has been on the line would certainly agree. He noted that all of Organized Labor is interlocked in this struggle. He further commented that Brother Nigro has been working hard, has good insight and intelligence and knows the Building Trades cannot do it alone, he further noted that he (Pres. Osborn) sits on the MWRA Citizens Advisory Council which comprises the same individuals the Building Trades Unions are negotiating with. Pres. Osborn advised sending a letter to Governor Dukakis requesting him to speak to Massport regarding landing rights should be extended to a carrier only if the strikers were hired back union.

EDUCATION REPORT:

Sec.-Treas. Haynes reported on the Harvard Trade Union Program looking for an Executive Director.

He reported assisting U-Mass. WILD and CLUW in surveying union women around the issues of education and training and noted the surveys when completed and returned would be held in confidence. He reported anticipating having a meeting of all of the labor trustees from the State Colleges and Community Colleges and Universities in the near future and noted that David Cunningham

from the Pipefitters Union had been appointed as a labor trustee at the University of Lowell.

He also announced that the Resource Guide being prepared through Prof. Harvey Friedman is in draft form and that it would eventually list all colleges that offer labor programs. He further requested assistance from the Vice Presidents to know if their local unions sponsor special labor events relative to education that could be added to the guide and reported the guide should be completed by October.

The Secretary-Treasurer reported on the Scholarship Dinner which was held at th Boston Teachers' Union Hall and that over 350 people were in attendance and that he anticipated even more for next year's dinner.

On the Golf Tournament, he reported there would be approximately \$1,500 - \$2,000 raised to be put towards the Scholarship fund. He reported the tournament was well attended, it was a good day and that it certainly was for a worthy cause.

Sec./Treas. Haynes commented on the Labor History Exhibit which is being put together by the Secretary of State's Office, total cost would be about \$50,000 - \$60,0000 for printing, materials and researchers alone; he reported two meetings have taken place so far and noted labor has made a great contribution, now we can bring forward that message, it would be great advertisement for Labor and that it should be completed by January.

Exec. V.P. Faherty suggested the Sec./Treas. contact Bud Rogers who is also doing a history on labor.

At this time, V.P. Alman reported on his position as labor representative on the Board of Regents and his position on tuition increases and urged the Council to hold a meeting of all labor representatives of the State Colleges, Community Colleges and Universities as soon as possible so that information can be shared and positions discussed.

Discussion took place relative to the issues of tuition increases, higher education budgets, uniform labor trustee policies and positions, meeting of all labor trustees, costs for tuition, fees, credits, 1989 vs. 1990 budgets for higher education, ongoing meetings of labor trustees in future, fees being as much as tuition costs at the Universities, cost for education to be made more affordable to working people.

V.P. Ciejka gave a report of what she was encountering in taking graduate courses at U-Mass. Amherst, the costs for fees vs. tuition, tuition reimbursement and the need for a standardized educational policy.

V.P. Joyce informed the Council of a request made to him by WILD regarding using the telephones of the Gr. Boston CLC relative to an issue of Mass. Choice. He reported he denied the request as

this is an issue regarding abortion which is an issue of choice not a labor issue.

MMS to accept the Report of the Education Director. So voted.

V.P. McDevitt spoke to the members of the Exec. Council regarding the anticipated closing of the GM Plant in Framingham which is scheduled for July 24th and that GM has been transferring people all over the Country and that according to the present contract GM cannot shut down until Dec. of 1990 and the current plan is to keep 250 to this December and then keep 16 people on to 1990 until the final decision is made. He requested the assistance of the Council in requesting aid from the Building Trades Unions in possibly placing skilled tradesman into the Building Trades Unions.

President Osborn advised the Council members that J. Nigro, Pres. Boston Building Trades Council has agreed to meet with Brother McDevitt and he further suggested that the V.P.'s on the Council that represented the Building Trades Unions also communicate with V.P. McDevitt on this matter.

Discussion took place around the issues of imports, UAW opposed to Japan style Team concept of work; buying of American made products, cost of labor in foreign companies.

President Osborn reported that a resolution would be forthcoming at the Convention to have Labor Leaders buy American Cars and that labor officials must lead the way and we must set an example to the population and be committed to buy American made cars. He noted if this resolution is constitutionally sound, the Massachusetts AFL-CIO will lead the way. He also noted that local unions must be re-educated on their responsibilities concerning union label and would possibly like to see a grant put together on this.

At this time, both Pres. Osborn and Secretary-Treasurer Haynes reiterated their request to have the Vice Presidents participate in the programs at the Gompers, Murray, Meany Educational Institute.

Discussion then took place regarding the possibility of the Massachusetts AFL-CIO sponsoring Labor Night at the Circus.

Assistant to the President John Laughlin informed the Council members of the possibility of hosting a Labor night at the Circus with the following options being presented by Boston Garden/Barnum and Bailey Circus:

1. Advanced sales to union - whereas unions would pre pay and guarantee a certain number of seats.
2. Local unions to take orders then deal directly with Boston Garden

If advanced sales - pre paid is the way to go the Unions would be able to be grouped together by organization and a banner would be hung by each organization.

If 1,500 to 3,000 tickets could be guaranteed - there would be a possibility of deducting \$1.00 off each ticket - If we could not guarantee the purchase of 1,500 - it would then turn out to be a public event with no union banners and no guarantee that unions would be sitting together. If we could guarantee 3,500 as an organization - it would be announced as a labor night - signs would be hung and recognition by union would be printed on the electronic scoreboards. A reception afterward to accommodate 50 to 500 could be arranged at an additional cost.

President Osborn inquired of the Vice Presidents if this program should be recommended.

Discussion took place about publicity, a family night out, possibility if it works this time, next time it could be used as a fundraiser or charity event, consensus was a good idea.

MMS to do Circus. so voted.

At this time a discussion took place relative to filing a labor vacancy on the Worker's Compensation Advisory Council.

MMS to submit the name of Frank Hackett of Local 25 of the Teamsters to fill this vacancy. So voted.

MMS to refer the communications to the Executive Officers. So voted.

MMS to adjourn. So voted.

# The John F. Kennedy Memorial Statue

*A Citizens' Tribute to President Kennedy From The People of Massachusetts*

May, 1989

**"IF THIS TRIBUTE SERVES AS AN INSPIRATION THAT  
ENCOURAGES PEOPLE INTO PUBLIC SERVICE, THAT  
WOULD BE THE MOST FITTING MEMORIAL OF ALL"**

## May 25 : Volunteers to be honored

Co-Chairmen of the Commission, Representative John F. MacGovern of Harvard and Senator W. Paul White of Boston are planning a special event on MAY 25 from 5pm to 7pm at PIER 4 Restaurant, the Boston Room, to thank all of the volunteers from around the state for their support and participation in the Citizens Campaign. Members of the Kennedy Family will be present to personally thank all of those who have given so generously of their time to make the dream of a Memorial to President John F. Kennedy a reality in Massachusetts. ALL VOLUNTEERS ARE INVITED TO ATTEND.

## Grassroots efforts in Massachusetts and around the nation

*"Think where man's glory most begins and ends and say, my glory was I had such friends." William Butler Yeats, as quoted by Sen. Edward M. Kennedy, April 25, 1989*

Not only have the citizens from the cities and towns throughout Massachusetts responded enthusiastically to enlisting in the Citizens Campaign to raise funds for the Kennedy Memorial Statue, but we are receiving calls from volunteers from across the Country. New Mexico has a Citizens Campaign headed by Mike Riccards, President of St. John's College in Santa Fe; Carolyn Galbraith is spearheading the campaign in Keokuk, Iowa; and Helen Myers is organizing in San Francisco. We welcome their participation and support.

HERE IN MASSACHUSETTS area meetings are being held in several cities during May. Salem is working with the schools and the National Honor Society is sponsoring a tag day. The East Longmeadow Senior Friendship Club had a bake sale. Marlboro Middle School's eighth grade class published their own *President Kennedy Remembered* and is donating the proceeds. New Bedford is preparing a canister drive. Newton plans a door to door canvass. Weston is sponsoring a road race. Throughout the state fundraising parties, dances, barbecues, library displays and many fun events are being organized. All are encouraged to join in and support the efforts of this historic project.

## Business, Labor Support JFK Memorial

**Richard D. Driscoll**  
*Chairman, Bank of New England*

I have agreed to serve as chairman of the private donor campaign because I think that the John F. Kennedy Memorial Statue is an important historic project. We in the business community feel very strongly that the Commonwealth of Massachusetts pay tribute to President Kennedy. I am happy to announce that the business community has almost reached its goal of raising \$100,000 towards the statue. We thank the generosity of New England Telephone, Shawmut Bank, Bank of Boston, Bank of New England, The Boston Five, Raytheon, Boston Gas, Boston Edison, Bull, Shearson Lehman Hutton, The Boston Company, and Hill, Holiday, Connors & Cosmopoulos. We will continue our efforts until the Memorial Statue is dedicated on May 29, 1990 and we also congratulate the Commission in its intentions to establish a John F. Kennedy Scholarship Fund.

*"We are going to achieve this: To remember John Kennedy as our hero and to strive to emulate his public service."* Speaker George Keverian, April 25, 1989

**Arthur R. Osborn, President**  
*Massachusetts AFL-CIO*

The Massachusetts AFL-CIO is proud to endorse the Special Legislative Commission for the John F. Kennedy Memorial Statue. The statue would commemorate the contributions President Kennedy made to the citizens of Massachusetts both as a Congressman and in the White House. The Labor Movement benefited under a Kennedy Administration where the President demonstrated his strong concern and support for working people. President Kennedy and the Kennedy family have long stood side by side with workers. Their support can be measured by the quality of life we now enjoy in Massachusetts. Labor supports this worthy effort.

*"To improve the quality of life for our fellow citizens is what public service is all about....John Kennedy believed in that very, very deeply."* Governor Michael S. Dukakis, April 25, 1989

## State Democratic Party Joins JFK Statue Drive

There will be a booth dedicated to the efforts of the JFK Commission at the Democratic State Convention on June 4, 1989 at Northeastern University. The replica of the Statue will be on display during the convention and a booth will be set up where brochures and information will be distributed. Commemorative buttons of the Statue will also be on sale.
